

**Visit**

**Booth 8532**

in the Houston Astrodome Exhibition Halls - April 30<sup>th</sup> - May 3<sup>rd</sup>, 2001.

is pleased to invite you to join us

at the upcoming Oil & Gas/Offshore Technology Conference exhibit.

Representatives from the Houston sales office and product companies will be in attendance and there are complimentary exhibit passes available to anyone interested in visiting. Please contact the local office for exhibit passes at:

FKI Rotating Machines  
Suite 220 - Northchase Business Center  
14503 Bammel N. Houston Road  
Houston, TX. 77014

Phone: 281-580-1314 Ext: 1-200  
Fax: 281-580-5801  
Email: admin@houston.rm.fki-eng.com

IEC specification, salient pole synchronous AC generators rated from 10kVA up to 4000kVA for all industrial, portable and shipboard applications.

Voltages 110 up to 6600.

50 and 60Hz designs in all standard enclosures.

Speeds up to 1800 rpm.

Single and two-bearing construction.

CSA approved and custom models built to comply with Marine Survey on request.

Salient pole synchronous AC generators rated from 5000kVA to 60,000kVA for all types of drivers.

All voltages up to 15kV.

50 and 60Hz designs in all standard enclosures.

Built and tested to NEMA or IEC specifications.

Special machines for marine and offshore propulsion schemes.

Center of excellence for turbo-generators for gas and steam turbine drives up to 200MVA.

Synchronous motors and generators 2000kW up to 25,000kW, at speeds up to 1800rpm.

Built and tested to ANSI or IEC specifications. Voltages up to 15kV.

Power management and generator control systems.

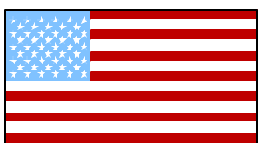

Marine and Offshore projects.

Cage Induction Motors rated from 250HP up to 26,000HP, in all voltages up to 15kV.

Full range of IEC Zone1 & Zone 2 purged and pressurized enclosures for hazardous areas, including some hydrogen ratings.

Slow or high speed to API, NEMA or IEC specifications. Reduced starting inrush designs to 275%.

Mounting of thrust bearings for vertical pump duties and seismic installations. Coded manufacture for Nuclear industry applications.
